# COMPANY PROFILE

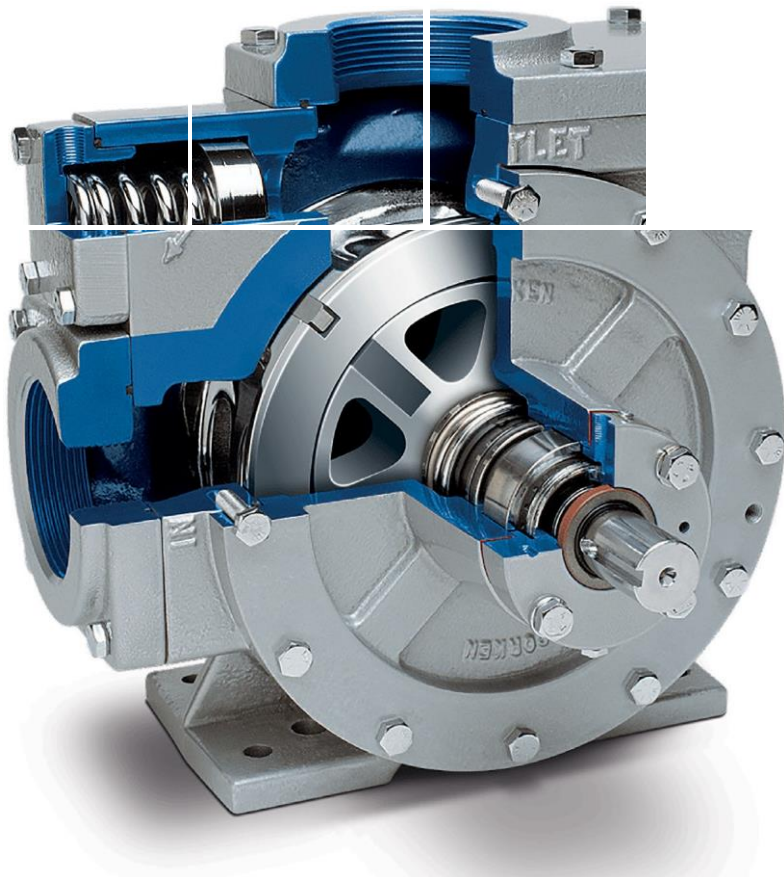

**MOKGALAKA MOKONE**  
Hydraulics & Transport Solutions

THE ESSENCE OF DEPENDABILITY

# COMPANY BACKGROUND

Charles Seanego, the Marketing Manager of Mokgalaka Mokone Hydraulics (MMH) gained a wealth of experience spanning over 6 years working for International Hydraulic Companies, amongst others, Pirtek, Manuli Fluidconnect, Kutting SA and Flex-a-Hose, as a Field Service Technician when he recognised the need for a customer focused specialist hydraulics service in this competitive industry. Hydraulics is a specialist field and as the name suggests, Mokgalaka Mokone Hydraulics has entered into partnerships with suppliers to offer a full range of services including hydraulic and pneumatic supply, service and repair. We have a reputation for troubleshooting and coming up with solutions where others can't.

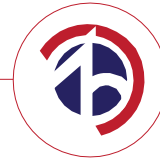

## OUR VISION

To achieve a growth rate of R20 million asset value by the year 2030.

## OUR MISSION

To improve our client's equipment reliability by offering the best of brand products as well as maintenance solutions to maintain an acceptable equipment availability.

## OUR VALUES

- Trust
- Respect
- Integrity
- Endurance
- Dependability

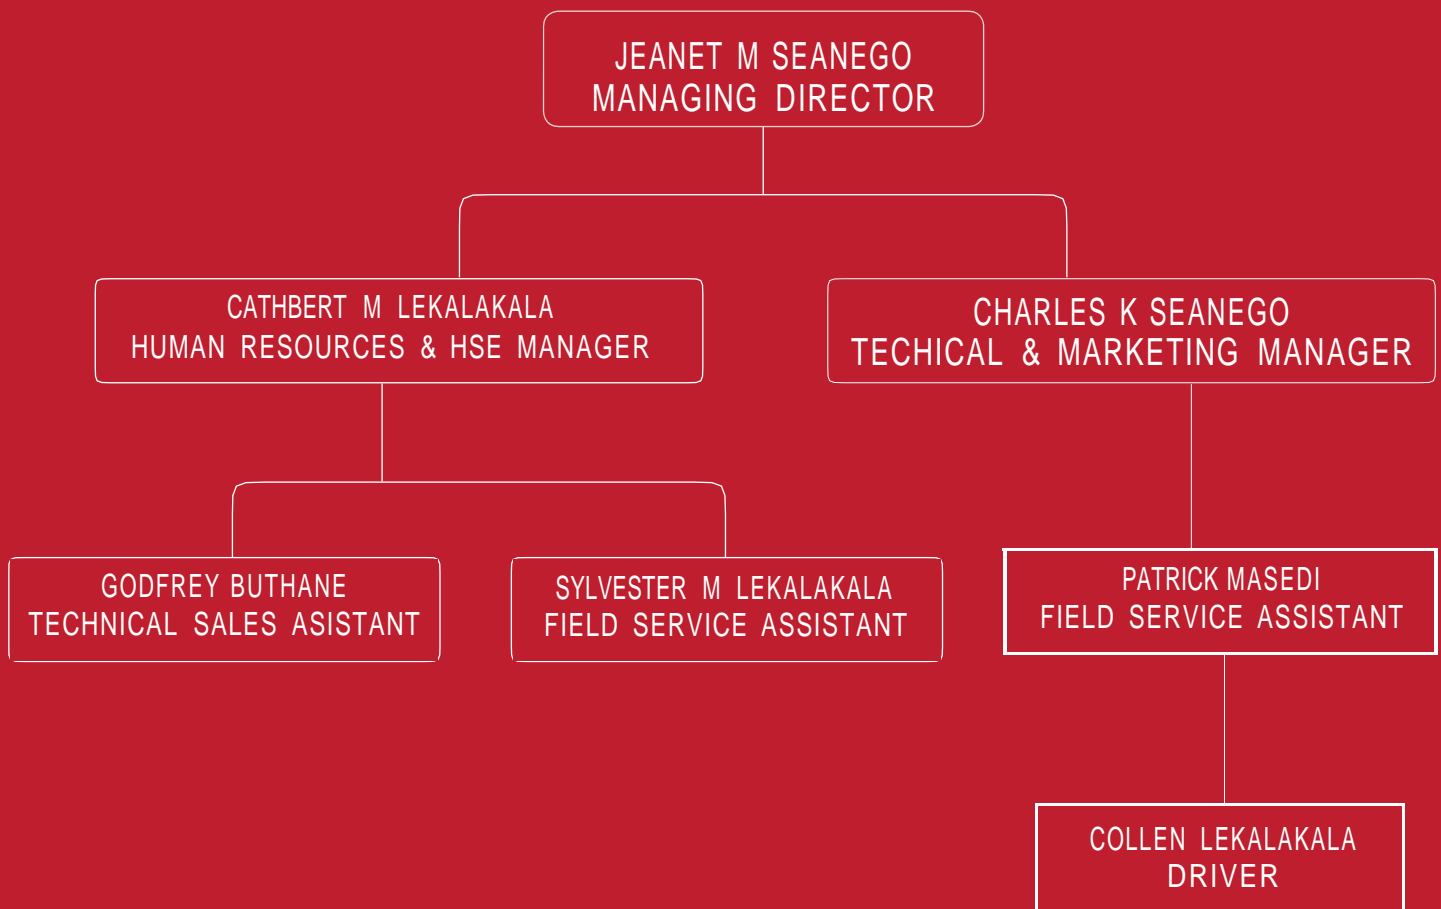

## WHO ARE WE?

Mokgalaka Mokone Hydraulics [MMH] is a 100% wholly black-owned small and medium sized company with a keen interest to revolutionise customer service in the Hydraulics industry by focusing on building dependable long standing relationships with our customers.

Established in February 2017, we initially focused our business on the supply and assembling of hydraulic hoses, pipes and fittings, and later diversified into the refurbishment of all types of hydraulic / pneumatic cylinders and actuators.
